Exam Rescheduling Policy

Students are expected to sit for semester exams per announced exam schedule. Altering an exam schedule requires approval of the Associate Head of School. Altering an exam schedule will be reserved for illness, unexpected family/personal emergencies, and scheduled events

beyond a student's control (for example, family weddings, graduations). Requests for rescheduling exams for convenience sake, preferred spacing or order of exams, early completion of exams, and/or early departure for semester break/vacation will **not** be considered.
