## Course Information

The Golf Course at Florence Country Club is a very traditional old style layout that features fairways framed with beautiful oaks and pines combined with a distinct amount of elevation change. With this being said, thanks to the support of the membership, the golf course has "kept up with the times" with improvements. Over the past four years a new double row irrigation system has been installed, the greens have been converted to one of the new hybrid bermudas, bunkers were rebuilt and redesigned, teeing areas leveled and enlarged and some trees removed to enhance the growth of the greens.
